The 3rd Healthy City Design 2019 (HCD 2019) International Congress & Exhibition will be held on 14-15 October, 2019 at the Royal College of Physicians in London, UK.

Organised by SALUS Global Knowledge Exchange in collaboration with Helen Hamlyn Centre for Design, Royal College of Art, the congress seeks to share and stimulate new research, innovative practice and progressive policy ideas on how to design economically and ecologically sustainable cities that enhance citizen health and wellbeing. By providing an interdisciplinary forum for policy advisors, researchers and practitioners from around the globe, HCD 2019 is already established as the world’s leading forum for the design of healthy and sustainable cities and communities.

Papers will be presented by some of the world’s leading experts through a variety of presentation formats, including themed papers, posters, workshops and colloquiums.

**Sponsoring thought leadership and raising brand visibility**

We are delighted to invite sponsors and exhibitors to commit their support towards this prestigious, world-leading event.

By sponsoring or exhibiting at HCD 2019, your organisation is supporting and participating in the exchange of knowledge between the world’s leading researchers, practitioners and policy-makers.

A knowledge-led approach creates opportunities to align your brand to a range of content-focused sponsorships, including: filmed themed sessions, posters; and workshops; or networking-focused events, or the awards programme and gala dinner.

These can be combined with branding opportunities to raise visibility, such as an exhibition stand, conference bag and name badge sponsorship, and advertising in the final programme.

In addition, through our own dedicated digital community and online journal at www.salus.global, we offer the ability to build digital marketing and brand engagement with the congress participants all year round, including sponsor branding on videos of talks published on SALUS.
**SPONSORSHIP PACKAGES**

Sponsorship packages have been flexibly designed to meet your individual requirements. Choose the package best suited to you or call to discuss tailoring a solution to meet your specific needs and preferences. ‘Knowledge sponsorships’ provide focused opportunities to participate in the dialogue and engage with thought leaders. These can be combined with branding opportunities to develop your identity around a ‘networking occasion’ or one of the widely used congress items, eg. delegate bags or badges.

The Healthy City Design 2019 Awards aims to set new standards in the creation of healthy cities, communities and environments that equitably promote active and healthy lifestyles, wellness and sustainable development at work, rest and play.

Organised by SALUS Global Knowledge Exchange and the Helen Hamlyn Centre, Royal College of Art, the awards are an integral feature of the prestigious Healthy City Design 2019 Congress & Exhibition, held at the Royal College of Physicians, on 14-15 October.

Comprising ten categories from the building to the neighbourhood and the city level, the awards, which are evaluated by some of the world’s leading researchers and practitioners, contribute towards the development of knowledge and standards in the design of healthy cities, communities and environments around the world.

The awards ceremony will be held during a prestigious awards dinner on the final evening of the Healthy City Design 2019 International Congress attended by up to 150 guests. This prestigious event will be the climax to the congress, and the culmination of a four-month worldwide submission process and rigorous judging to identify the world’s leading projects, research and design innovations in the creation of healthy cities.

By sponsoring the awards, you can show your support and recognition of the outstanding performances of the award winners, aligning your brand in UK, European and international markets around the values of design excellence and innovation.

As well as the chance to network and enjoy photographic and video opportunities with the award judges and winners, your brand will also gain international exposure through the digital marketing around the congress and the awards. This includes promotion of the call for entries and shortlist announcement before the event, in press releases and e-news announcements of the awards winners, and in the publication of videos of the ceremony after the event.

We look forward to confirming your support and partnering with you in the raising of design quality standards in cities and communities around the globe.
