Attendee Information

Joining the congress

Both in-person and virtual delegates have access to the virtual event platform and a mobile app.
The platform and app is of use to all attendees, it can be used to:

- View streamed sessions live and 'on demand' for three months during and after the congress
- Organise your agenda by adding the sessions and workshops you're interested in to your schedule
- Learn more about the exhibitors on their booths, chat to and organise either a face-to-face or virtual meeting
- View other attendees profiles, start a chat online, if you're in-person organise to meet up at the event
- Browse the posters and watch the 5-minute video snippets in the Video+Poster Gallery

1. We recommend downloading and using the browser 'Google Chrome' for EHD2023.

2. There are two ways to log into the event, either:

a) On the email you would have been sent after registering for the congress there will be a button '**Join the community now**' click on this to be taken directly into the event.

b) If you can't find that email you can go to **https://events.hubilo.com/EHD2023/login** and enter your email address. A 4-digit code will then be sent to that email address. Enter it and '**Continue with email**' you will now be taken into the event.

If you have any problems logging in please contact us at **info@europeanhealthcaredesign.eu**

Once you're logged into the event you can start adding sessions to your agenda, view sponsors and partners booths, view other attendees, send messages and set up meetings as soon as you're registered.

Event log in page

3. When you first log into the event you will be prompted to create a profile, we recommend doing so and filling out as many of the fields as possible, including social links and your interests. Other attendees will be able to your image and info, it will help with networking whether in-person or virtually.

Fill in your basic info

Provide your interests to network with link-minded delegates

Add your social links

4. Once you've completed your profile you will be asked to set your timezone. If you're attending in-person we recommend setting it as **(UTC +01.00) Europe/London (BST)** so that when you're at the event the times are correct for you. If you're attending virtually you should set it to the timezone where you are based so that the sessions in the agenda show the correct time.

5. The mobile app is availble to download from both the Apple App store and the Google Play Store by searching for 'EHD2023'. The app allows you to join live sessions, watch recordings, view the Video+Poster Gallery, connect with other delegates, view sponsors and exhibitors booths, plus much more, constantly throughout the congress.
